Dolomites Research Week on Approximation (DRWA19)

Alba di Canazei (Trento, Italy), September 2-6 2019

Lecturers: J. Ortega Cerdà (Barcelona)

R. Schaback (Göttingen)

Poster session: Thursday 5 (afternoon)

Working groups:

A. Neisy (Tehran), S. Cuomo (Napoli), *Mathematical Finance: Modeling and Approximation methods*

F. Piazzon (Padova), *Multivariate polynomial approximation and pluripotential theory*

E. Larsson (Uppsala), V. Bayona (Madrid), *Radial basis functions and kernel methods*

W. Erb (Padova), C. Campi (Padova), A. Weinmann (Darmstadt), *Regularization in mathematical imaging*

C. Cesarano (Roma), *Special functions and orthogonal polynomials in approximation methods*

Organizing Committee: M. Caliari (Verona), R. Cavoretto (Torino), A. De Rossi (Torino), E. Perracchione (Padova), F. Piazzon (Padova), G. Santin (Stuttgart), A. Sommariva (Padova).

Scientific Committee: V. Bayona (Madrid), L. Bos (Verona), M. Caliari (Verona), S. De Marchi (Padova), A. De Rossi (Torino), E. Larsson (Uppsala), F. Piazzon (Padova), A. Sommariva (Padova).
