

H2020 in Hamiltonian dynamics

Venice, centro culturale Don Orione, July 25-29, 2022

– Rules for grants –

- 1) The scientific committee establishes **20** grants for PhD and post-doc students, with maximum amount of **250 euros** per grant.
- 2) In order to be considered for the grant, the applicant should have an adequate scientific cv (i.e., in agreement with the subjects of the conference).
- 3) The application for grant should be submitted by e-mailing to `venice2022@math.unipd.it`, including a cv, within **June 15, 2022**.
- 4) The grants will be delivered as reimbursements of living, lodging or travel costs, upon delivering all *original receipts* (including original *boarding passes*, if applicable) and filling some specific forms that will be provided to successful candidates by the organization.
- 5) The grants will be delivered according to the order of application: *first come, first served*, notwithstanding the requirement in article 2).
- 6) If, by the deadline specified in 3), the number of grant applications is less than 20, the deadline for grant applications is postponed to **June 30, 2022**.
- 7) If, at the deadline specified in 6), the number of grant applications is less than 20, the maximum amount (as per article 1)) of each grant can be increased.
- 8) The scientific committee will have a meeting after the closing of the applications (as per articles 3) and 6)). The outcomes of grant applications will be communicated to all the applicants on **July 15, 2022**, or earlier.
